***End of Description.***

The above description containing approximately 14,377 acres utilizes the Bird Spring, Lockhart, Opal Mountain, and Water Valley 7.5 minute quadrangle maps prepared by the USGS. The boundary calls listed herein are in part a result of scaling distances from said quad maps and are not a result of survey. All courses have been depicted upon the above mentioned quad maps and are made a part of this official record. Acreages are calculated from the BLM California State Office Arc/Info wilderness coverage.

I hereby certify the legal description and map herewith represent the location of the boundary of the Black Mountain Wilderness designated by the California Desert Protection Act, Public Law 103-433, dated October 31, 1994.
